[intro] **C F G7**

C After all is said and done

A few things **F** lost, a few things **C** won

I can say I've had a full and a happy **G7** life

But in the **C** quiet of the night

F When I turn out the **C** light

I'm amazed to **F** find that **C** you're still **G7** on my **C** mind

[Chorus]

I'm amazed to find

I'm amazed to find that you're still on my **G7** mind

It will **C** hit me without warning

F early in the **C** morning

I'm amazed to **F** find that **C** you're still **G7** on my **C** mind

[instrumental]

I could be talking with my friends

Or out **F** walking when day **C** ends

Or just doing all the things that fill my **G7** time

At the **C** closing of the day

F When my troubles **C** fade away

I'm amazed to **F** find that **C** you're still **G7** on my **C** mind

[Chorus]

I'm amazed to find

I'm amazed to find that you're still on my **G7** mind

It will **C** hit me without warning

F early in the **C** morning

I'm amazed to **F** find that **C** you're still **G7** on my **C** mind

[outro] **C F G7**
