Well I'm a honky tonk **E** man And I can't seem to stop
I love to give the girls a **A** whirl To the music of an old jukebox **E**
But when my money's all **B7** gone, I'm on the telephone singing
Hey **E** hey mama can your daddy come **E** home

E Well now I'm living wild and **B7** dangerously
A But I've got plenty of **E** company
E The moon comes up and the **B7** sun goes down
A I can't wait to see the **E** lights of town

'Cause I'm a honky tonk **E** man And I can't seem to stop
I love to give the girls a **A** whirl To the music of an old jukebox **E**
But when my money's all **B7** gone, I'm on the telephone singing
Hey **E** hey mama can your daddy come **E** home

Well I'm a honky tonk **E** man And I can't seem to stop
I love to give the girls a **A** whirl To the music of an old jukebox **E**
But when my money's all **B7** gone, I'm on the telephone singing
Hey **E** hey mama can your daddy come **E** home

[Solo] **E A E B7 E**

E Hey now, a pretty little girl and a **B7** jug of wine
A Well that's what it takes to make a honky tonk **E** time
E With the jukebox moaning those honky tonk **B7** sounds
A I can't wait to lay my money **E** down

'Cause I'm a honky tonk **E** man And I can't seem to stop
I love to give the girls a **A** whirl To the music of an old jukebox **E**
But when my money's all **B7** gone, I'm on the telephone singing
Hey **E** hey mama can your daddy come **E** home

I'm a honky tonk **E** man And I can't seem to stop
I love to give the girls a **A** whirl To the music of an old jukebox **E**
But when my money's all **B7** gone, I'm on the telephone singing
Hey **E** hey mama can your daddy come **E** home
