[instrumental intro] A A A A

A There is nothing that is wrong

A In wanting you to stay here D with me

A I know you've got somewhere to go

A But won't you make yourself at home and stay D with me?

E And don't you ever leave

[Chorus]

A Lay down, Sally, and D rest here in my arms

E Don't you think you want someone to talk to?

A Lay down, Sally, no D need to leave so soon

E I've been trying all night long just to A talk to you

[instrumental] A A A A

A Sun ain't nearly on the rise

A We still got the moon and stars D above

A Underneath the velvet skies, love is all that matters

A Won't you D stay with me?

E Don't you ever leave

A Lay down, Sally, and D rest here in my arms

E Don't you think you want someone to talk to?

A Lay down, Sally, no D need to leave so soon

E I've been trying all night long just to A talk to you

[instrumental x3] A A A A

A I long to see the morning light

A Color in your face so D dreamily

A So don't you go and say goodbye

A You can lay your worries down and D stay with me

E And don't you ever leave

[Chorus] x2
